**Commissioner for Patents**

This communication is in response to the letter filed 24 March 2010 in which Applicants noted that the examiner had crossed through the foreign reference citation KR-1999-0058713-A within the IDS originally filed 23 December 2005, and requested that the examiner initial the duplicate IDS submitted 24 March 2010.

The examiner did not initial the foreign reference citation KR-1999-0058713-A therein because this reference was not provided by Applicants (i.e., the examiner did not find this reference within the prior art submitted by Applicants).

If Applicants wish for the examiner to consider this reference, it is requested that this reference (including at least an English abstract thereof) be submitted in response to this communication.
